

CTF@AC – QUALS RESULTS

At the start of the CTF last week, we had just 200 registered teams and assumed that would be our final lineup. But as the event unfolded, the numbers kept climbing—250, 300, 400. We were thrilled (and a bit stunned) to see such enthusiasm for an inaugural edition. We ended up with 732 competitors 😊

Congratulations to the winning teams of the quals:

There was a lot of work into making the CTF happen—polishing challenges and focusing on a smooth experience for every participant. None of it would have been possible without the team, who hustled hard and sacrificed sleep to keep everything running smoothly.

Huge thanks to: Răzvan Horja, Stănică Andrei, Mîrzoca Radu, Szabo Alexandru-Mihai, Bizău Mario-Ștefan, Miriam Iseline.

See you at the final in Timisoara, 7-9 November, at ARChA UPT.
