

# Summer school E-business technologies 2025

03.-19. SEPTEMBER 2025 · ONLINE

APPLY BY 1<sup>ST</sup> SEPT, ON THE [LINK](#)

## Web 4

Development of Digital Products  
Based on Web4 Technologies

## Blockchain

Blockchain Application  
Development

## AI

Generative AI for  
Web4 Applications

### SHORT SUMMARY

An intensive online summer school blending short lectures, guided labs, and mentored sprints across three modules. Students will develop a mini-project in afternoon sessions, taking it from concept to a working prototype using industry-relevant tools and workflows. The program concludes with public final presentations on 27th Sept and a certificate ceremony.

### WHO CAN APPLY?

Students of all levels (undergraduate, master's, and PhD )

### WHAT ARE THE BENEFITS?
